Requirements for Auditions

For all applicants: two pieces in contracting style. Both pieces must be performed from memory.

YOUTUBE AUDITION:

In the spirit of fairness to all entries, these rules must be followed explicitly, without exception. It simply would not be fair to all other entrants if we allow an entry that does not follow all the rules. The rules and guidelines apply to both Divisions.

1. Deadline for video entry: Video entries must be submitted by March 1, 11:59 PM. Any entries after that strict deadline will be disqualified. No entries will be allowed after the deadline for any reason.
2. Each entry must be via video posted at www.youtube.com, with the title provided. (For information on setting up a You Tube account and posting videos, we recommend exploring the Help section found on the YouTube homepage and/or viewing the many tutorials online.)
3. Audio and video quality impact the impression your video makes to a degree. The picture and sound should be as clear as possible. Make sure the volume is adequate in your recording.
4. Piano video must show at least the hands, torso, pedal and face, and the performer should fill approximately 2/3rd of the screen. Vocal must show entire torso from knees up. Other instruments must show entire instrument.
5. You should save the video to your computer or iPad or phone or other device so you can download it to YouTube.
6. You will make your own account on YouTube.
7. The video entry must be acoustic and not amplified. The only microphones involved should be for recording, and must not be amplified.
8. No mixing or sound enhancement is allowed. The recording must be honest and acoustic. As closely as possible, it needs to be as if we were in the room listening to you performing live. While you are urged to take care to create the best video and audio quality possible, professional level production values are not necessary.
9. Your video MUST be titled as follows:
LFMC Jones 2024 Your Name
To be explicit: LFMC(one space)Jones(one space)2024(one space) Mary(one space)Smith

Note that LFMC is capitalized with no spaces in between the letters. Jones is capitalized.

Your title must be EXACT, with no mistakes. We cannot spend lots of time trying to find entries on YouTube because these instructions were not carefully followed, and you did not title your video properly. If your entry strays from these titling instructions, you risk being disqualified.

12. To repeat: Provide the link of the URL (web address) of your video posting by carefully writing it on the application AND by sending an email containing this link in the body of the email (copy and paste) to the chairman.
13. **Video editing is not allowed. To simulate a live performance, all selections must be submitted on ONE video with no pausing of recording or stoppage of recording in between selections.**
